> The City Assembly Holds Very Important Session.

## AN ACT FOR ANNEXATION

Clear Water Question Settled. Boy Loses Three Fingers.

For the time being, at least, the clear vator proposition in Manchester will rest, for the City Assembly, in regular session last night, adopted a report of the special committee on this subject, recommending he establishment of a filtration plant at decided upon the Roberts Manufacturing Company, of Philadelphia, as the firm to

put in the filterer. put in the filterer.

Annexation was discussed incidentally, and City Attorney Page was instructed to confer with City Attorney Pollard, of Richmond, with reference to the drafting of a general law to cover annexation in the State. Under this general act Manchester may be annexed to Richmond.

Much other routine business was transacted, and the discussion at times was somewhat spirited.

The assemblymen present ware Messrs,
J. E. Walkefield, W. B. Bradley, D. L.
Toney, A. A. Adkins, C. C. Jones, J. D.
Reams, C. L. Pettit, C. C. Cox, B. A.
Nunnally, T. E. Taylor and H. A. Innessy.
The resolution offered by Alderman
Hooker in the Street Committee, that
\$50,000 be expended on the streets in the
next year, was referred to the Financo
Committee without argument. Last year
less than \$6,000 was spent on the streets.
In order to carry into effect the resolution
it would be necessary to issue bonds.
Sanitary Inspector.

Sanitary Inspector. Sanitary Inspector.

The ordinance, which originated in the Board of Health, and which provides for the creation of the office of sanitary inspector for the city, was listened to very attentively by the members of the Assembly. President Wakefield ordered the ordinance to lay on the table until the next meeting, the law requiring any measure carrying an appropriation to take this course.

measure carrying at applying take this course.

Mr. Toney moved that twenty-five copies of the ordinance be printed and furnished the members. This was or-

furnished the members. This was ordered.

The Assembly adopted, without discussion, the report of the special investigation committee, which inquired into the alleged bad clerical system, of City Collector H. K. Reid, and returned a report that the collector had been careless in issuing garnishees against persons who had already paid their taxes.

Mr. Biair, of the Biair-Rhuel Glass Company, asked that some ordinance be passed to show that the taxes on his plant were exempted, as the Council had done when the industry located in Manchester. An ordinance identical with the one under which other firms are working was

er. An ordinance identical with the under which other firms are working was assed. Mr. Blair asked the Council that a light

assembly adopt the plant of executing basembly adopting the present pump house.

The cost of the filter is not to exceed \$20,000, or three-fourths of a cent per 1,000 gallons in addition to the present cost, which is three and one-fourth cents per 1,000 gallons, including interest on bonds issued to establish a flew filter plant.

Mr. George F. Hodkinson, general manager of the Roberts Masufacturing Company, of Philadelphia, Pa., gave in detail what could be done with the filter. Water would be pumped into settling basin and would then be coagulated and filtered.

A motion to refer the matter to the Finance Committee to Committee brought forth the ire of President Wakefield, who appeared to think that it was an attempt to pigeon-hole the matter, Mr. Jones later offered a resolution to empower the Finance Committee to issue \$20,000 worth of twenty-year bonds, or so much thereof as necessary, with a 4 per cent, income tax.

City Attorney Page advised the members that the matter could not be attended to at this meeting, and would have to lay over.

tended to at this meeting, and would have to lay over.

A motion by Mr. Wakefield to suspend the rules and take the matter up at once was lost.

Mr. Wakefield then moved that the Assembly instruct the City Attorney to prepare an ordinance for the issuance by the Council or Finance Committee of \$20,000 worth of bonds. This was done after considerable discussion. Annexation Wrangled Over.

What the annexation committee had done. He was informed that the committee had not made a report, but had made this recommondation.

A motion by Mr. Toney to thank the members of the special committee and the city attorney for the efficient work done was lost, or rather was withdrawn, after it was apparent that the members were not in a mood to offer thanks to persons. President Wakefield offered two resolutions, both of which were some time ago embodied in the agreement between the two committees, and which Richmond has agreed to, that the property owners of Manchester should not be made to pay any assessment when improvements were made to sidewalks in front of their places, and that the \$40.000 to be annually expended upon the improvement of Manchester should be expended for permanent improvements and nothing else.

and Then Rajsed.

The subcommittee on the Improvement of James River, to whom was referred the question of raising Lester Street, in Fulton, above high-water mark held a short meeting at the City Hall last night. After general discussion the subcommittee decided to recommend that the city acquire by purchase or condemnation twenty-five feet of land on the south side of Lester Street from Ash to Louisiana Street for the purpose of widening Lester Street between those points, and that sufficient lands be also acquired to straighten Gille's Creek from the Chesapeake and Ohio viaduct to the river. Those recommendations will go first to the full committee and then take the regular course through the Council.

Police and Schools.

The Police Elections and Schools Committee of the Council transacted considerable routine business at a meeting held in the City Hall last night. The contract to furnish license this for wagons was awarded to Francis & Company, and for dog medals to P. Mulinare.

The committee decided on its require-ments in the forthcoming budget as
